How to install the TR keyboard

- 1. Copy the whole folder "Keyboard tchadq MS Keyboard TR" to your computer.
- 2. Double-click on the "setup.exe" file.

3. It may take awhile, but then it will ask for permission, click "Yes"

4. A dialog box will be displayed when it has installed correctly. Click "Close".

5. Check the language bar, you should now have TR installed.
